

Donation Form

Welcome to Kidney Cancer UK.

Kidney Cancer UK was formed in January 2000 by two kidney cancer patients and was the first kidney cancer support group in the UK. Whilst some smaller support groups now exist, we are pleased to report that Kidney Cancer UK is still seen as the leading kidney cancer support group in the UK.

We have helped many thousands of kidney cancer patients along their kidney cancer journey and we will continue to help thousands more who are sadly diagnosed each year.

Why donate to Kidney Cancer UK?

Our financial resources depend entirely on voluntary donations, membership subscriptions and fundraising by members of the public. Therefore, if you feel able to help

us make a real difference to the lives of kidney cancer patients and carers in the UK, please support us by making a donation.

Your donation would enable us to:

- Raise awareness amongst healthcare professionals and the general public to encourage earlier diagnosis
- Provide up to date and reliable information to healthcare professionals and kidney cancer patients and their carers
- Provide support to patients and their carers
- Campaign for new kidney cancer drugs to be made available on the NHS and give our charity greater strength and impact by helping us to influence NICE and the Department of Health
